July 29th	“Can Christians own Guns?”

### Sunday Evening Worship

We are excited to share with the church our new Sunday evening worship beginning January 7, 2018. The time for worship will remain 6:00 pm. And all aspects of worship; singing, scripture, prayer, and the Lord’s Table will be maintained. What will be different is that we will go to a *Question and Answer format* designed to make our Sunday evening worship interesting and engaging all the same.

Admittedly, in Acts 20:7, the first century church assembled together “upon the first day of the week” and Paul preached “until midnight” insomuch that one fell dead! Not that any should perish or be bored; the new format will allow members of the church to ask interesting and engaging Bible questions to be answered during evening worship. Not only will our knowledge increase in the word of God, we will be more equipped to teach others, and prayerfully, will invite non-members to participate.

In keeping with I Corinthians 14:40 that worship “be done decently and in order,” members will be asked to submit their questions in advance. Upon gathering the questions, we will schedule the dates in which the questions will be answered. This will also allow those who are answering the questions time to prepare. We would be remised not to reiterate, this new format if for interesting and engaging Bible questions, and is not intended to be contentious. The spirit of any question asked is for the purpose of wanting to know God’s word, wanting to abide in God’s word, and to assist in evangelizing the lost. Conveniently, you can submit your name with your question, or it can be anonymous. We will provide a drop-box located in the foyer of the church. Feel free to begin submitting your questions now!

**Markus Martin**

### Healthcare Information

**Did You Know... Group B Streptococcus (GBS)**, or Streptococcus agalactiae, is a type of bacteria that is naturally found in the digestive and lower reproductive tracts of both men and women. About 1 in 4 pregnant women "carry" or are "colonized" with GBS. Carrying GBS does not mean that you are unclean. Anyone can carry GBS. GBS is not considered to be a sexually transmitted disease or infection as it can occur on its own even in someone with no prior sexual experience. However, bacteria can be passed between sexual partners, including through oral contact. Unfortunately, babies can be infected by GBS before birth and up to about 6 months of age due to their underdeveloped immune systems. (For more information, go to: <https://www.groupbstrepinternational.org/what-is-group-b-strep.html>)
